Honored Inaugural Inductees, Dear Sports Enthusiasts and Guests:

WELCOME!

PRYVIT!

On behalf of the Board of Directors of the Ukrainian Sports Museum and Hall of Fame, we want to welcome you to the Official Grand Opening of the Ukrainian Sports Museum and the Inaugural Induction ceremony for the Hall of Fame.

This project, long being a personal dream of mine, had been in the planning stages in my mind for many years, and in fact, throughout the planning stage, we overcame tremendous hurdles and now the dream has come true. The Museum is open and we can proudly say that this is the only museum of this type in the Diaspora. As you may notice in the commemorative book, the USMHOF has been acknowledged and supported by NOC (National Olympic Committee) of Ukraine and CKY World Congress of Ukrainians along with Ukraine Ministry of Youth and Sport.

I would like to thank our Board for their tremendous work in helping to achieve this dream. Teo and Oksana Bodnar for setting up the displays, dressing the mannequins, acting as curators, and lending some of Teo's personal collection to the museum; Roman Bulawski for marketing, Bohdan Porytko for his consul on legal matters and sports, Tanya Soltys for our social media and my wife and partner, Christina Bytz, whose support words cannot describe. Without this team, this would not be possible.

I would like to thank Linda Kleban and Walter Honcharyk for the tremendous job they have done on the Inaugural Book. Thank you to Ihor Stelmach, a long time sport correspondent and enthusiast, for his input and enthusiasm on this project. Thank you to Ken Daneyko for agreeing to be our Keynote Speaker.

We would also like to thank our largest supporter – LYS Sport Academy, a Founding Member of the Museum. Additional thank you Selfreliance Credit Union Chicago/Whippany, Ukrainian National Credit Union NY, SUMA Yonkers Federal Credit Union and Ukrainian Heritage Foundation.

The Ukrainian Heritage Night/Day at NJ Devils has been a project of ours. We are now preparing for the Fourth Ukrainian Heritage Day at the NJ Devils on March 19th 2017. Join us for a fun-filled day and show your support for our Ukrainian heritage.

I also want to thank USCAK Ukrainian Sports Central of US and Canada and their members for their support and consul on recommendations for Inductees in the Amateur, Semi Professional and Builders Categories.

Thank you INDUCTEES for your achievements in the sports world. Being of Ukrainian descent you have let the world know of this achievement. You have done your job! It is now our job, as our mission states, to let the world know and especially our Ukrainian youth of these accomplishments. Won't you all help us do that by your support? Thank you

Від імені Ради директорів Української музею спорту та Залі слави хочемо привітати Вас на офіційному урочистому відкритті музею українського спорту та інавгураційній церемонії введення в Залі слави.

Цей проєкт довгий час був моєю особистою мрією, протягом багатьох років був в стадії плянування в моїй свідомості, і насправді, протягом всієї стадії плянування ми подолали величезні перешкоди, але на кінець мрії здійснилися.

Музей відкритий і ми з гордістю можемо сказати, що це єдиний музей такого роду в діаспорі. Як ви можете помітити, в пам'ятній книзі, USMHOF був визнаний і підтриманий Національним олімпійським комітетом України (НОК) та Світовим Конгресом Українців (СКУ) спільно з Міністерством України до справ молоді та спорту.

Я хотів би подякувати Раді за її величезну роботу, за допомогу в досягненні цієї мрії, зокрема Теодорові і Оксані Боднарам за створення дисплеїв, манекенів, дії в якості кураторів, позичення деяких екземплярів з особистої колекції до музею; Романові Булавському за його працю по маркетингу, Богданові Поритку за його поради з юридичних питань та спорту, Тані Солтис за наші соціальні медіа та мої дружині і партнерові, Христині Биц, чиєї підтримки словами не зможу описати. Без цієї команди це не було б можливе.

Я хотів би подякувати Лінді Клебан і Володимирові Гончарикові за величезну роботу у підготовці цієї інавгураційної книги. Спасибі Ігореві Стельмахові, довголітньому ентузіястові і кореспондентові спорту, за його внесок і ентузіязм в цей проєкт. Спасибі Кенові Данейко, що погодився бути нашим основним доповідачем.

Хотіли б подякувати нашим найбільшим прихильникам: Lys Sport Academy, одному із співзасновників музею. Дякую Українській Американській Федеральній Кредитовій кооперативі „Самопоміч“ - Чикаго / Випані, Український Національний Кредитовій Спілці - Нью-Йорк, Федеральний кредитний Спілці СУМА в Йонкерсі, та Українській Фундації Спадщини.

Український День Спадщини у NJ Devils був нашим проєктом. В даний час готуємося до четвертого з черги Дня Української Спадщини у NJ Devils, який відбудеться 19 березня 2017 року. Запрошуємо приєднатись до нас в цей день та надати вашу підтримку для нашої української спадщини .

Я також хочу подякувати Українській Спортивній Централі Америки і Канади (УСЦАК) і її членам за їхню підтримку та рекомендації кандидатів до Залі слави з аматорської, напівпрофесійної та будівельної категорій.

Спасибі кандидатам за Ваші досягнення у спортивному світі. Ваше українське походження показало світові ці досягнення. Ви зробили свою працю! Зараз наша робота, наша місія - дати світові, і особливо нашій українській молоді знати про Ваші досягнення. Запрошуємо Вас підтримати музей у цій важливій місії. Дякую!

Dear Mr. Bytz:

On behalf of the Ukrainian World Congress, it gives me great pleasure to extend congratulations on the occasion of the Grand Opening of the Ukrainian Sports Hall of Fame and Museum and the inaugural induction of athletes and individuals who have dedicated themselves to the promotion of sport into the Ukrainian Sports Hall of Fame.

The mission of the Ukrainian Sports Hall of Fame and Museum recognizes the timeless intertwining of sport into the fabric of everyday life. Sport is, in fact, a universal language that transcends borders and cultures bringing people together in a promotion of the common values of respect, integrity, equality and cooperation.

Ukrainians worldwide have played an important role in promoting these values and we applaud your initiative that not only identifies and recognizes this contribution, but which through education will serve to further strengthen Ukrainian pride and global unity.

The Ukrainian World Congress congratulates all inaugural inductees into the Ukrainian Hall of Fame for their dedication to the values embodied in sport and may you always remind us of the importance of reaching for greater heights.

Sincerely,

Dear Mr. Bytz,

I appreciate a lot your kind congratulations and your personal contribution to this initiative. It is a special honor for me to be inducted in the Ukrainian Sports Hall of Fame and become a member of the Inaugural Class of honored athletes. Thank you very much!

I would join you with great pleasure on the 17th of September but unfortunately there is no possibility for me to come to USA on that day. Because of the tight working schedule and occupational obligations, I cannot leave Europe on that period but I hope to visit the museum and the Hall of Fame in the near future when I come to USA.

From my side I wish you many new initiatives ahead and welfare to the Ukrainian Sports Museum always!

Staying in your disposal,

My best regards,

Dear Mr. Bytz:

First, I would like to congratulate you on the opening of Ukrainian Sports Hall of Fame and Museum. Sports are a great unifier for the people of any nation, and in our 25 years of independence, they have helped foster a strong sense of national pride among all Ukrainians, at home and abroad alike.

This institution will help to preserve not only the heroic efforts of our greatest athletes, but also the constructive cooperation between Ukrainian citizens and our diaspora that has given so many of these athletes the opportunity to shine.

I would also like to thank the Hall of Fame for honoring me in this first class of inductees. Sport has always given me great purpose, both as an athlete and as a steward of athletes, and I hope that my inclusion, along with the other exceptional athletes and Ukrainians in this first class, will serve as an inspiration to future generations.

He was part of a tough Devils defensive core that won the Stanley Cup three times in 1994–95, 1999–2000 and 2002–03. From the team's first playoff game while in New Jersey in 1988, Daneyko played in every playoff game until Game 4 of the 2003 quarterfinals. He also was scratched in the first six games of the 2003 finals, but looking for a spark coach Pat Burns inserted Daneyko into the lineup for Game 7 replacing fellow Ukrainian Oleg Tverdovsky. As a reward to his devotion of the team, and a hint of his impending retirement, Daneyko took the ice for the final shift of the Devils' Game 7 victory over the Mighty Ducks of Anaheim, which clinched their third Stanley Cup victory in 2003.

The Devils retired his uniform number, #3, on March 24, 2006. He was the second Devil to receive the honor after Scott Stevens had his #4 retired on February 3, 2006.

WAYNE DOUGLAS GRETZKY was born January 26, 1961 in Brantford, Ontario, Canada. He is of Ukrainian descent who is a former professional ice hockey player and former head coach. Gretzky was just 2 years old when he first started skating. The young Gretzky spent countless hours on the ice, honing his talents as a skater, shooter and passer. As a result, Gretzky often played in leagues that catered to older boys. The age and size differences between Gretzky and his competition mattered little. In his final year of peewee hockey he scored an improbable 378 goals.

He was selected third in the 1977 Ontario Major Junior Hockey League Midget draft, and displayed his impressive skills that season for the Sault Ste. Marie Greyhounds. At the 1978 World Junior Championships in Quebec City, Gretzky led the entire tournament in scoring. Gretzky signed with the Indianapolis Racers of the WHA in 1978. But not long after Gretzky arrived, the franchise closed its doors and sold its young asset to the NHL's Edmonton Oilers.

In 1979, Gretzky embarked on his first full NHL season. He racked up 51 goals and 86 assists, winning the Hart Memorial Trophy. The Oilers finished as Stanley Cup champions in 1984, 1985, 1987 and 1988. In 1982, he cracked the 200-point barrier for the first time, setting a single-season record with 92 goals and 120 assists. His finest year may have been 1986, in which he totaled 52 goals and an NHL single-season record, 163 assists.

In 1988, the Oilers traded Gretzky to Los Angeles. Over the next 8 seasons he led the franchise, and in 1993, he led the franchise to the Stanley Cup finals, losing in 5 games. In 1997 he was sent to the New York Rangers, where he played 3 more years and finished out his career in 1999.

Not long after hanging up his skates, Gretzky was inducted into the Hockey Hall of Fame. In addition, he continued to stay in close contact with the game and the league. With Gretzky at the helm as the program's executive director, Canada's men's Olympic hockey team ended its 50-year drought and took home the gold medal at the Salt Lake City Games in 2002. Gretzky also came aboard as the managing partner of the NHL's Phoenix Coyotes in early 2001. Over the course of several seasons, Gretzky served in the front office and as the team's head coach. Coach Gretzky was never able to lead the club to the playoffs. In September 2009, after four tough seasons, he stepped down as coach. He eventually relinquished his ownership of the team.

VITALI KLITSCHKO * ВІТАЛІЙ КЛИЧКО

VITALI VOLODYMYROVYCH KLITSCHKO was born July 19, 1971. He is a Ukrainian politician and former professional boxer. He currently serves as Mayor of Kyiv and head of the Kyiv City State Administration, having held both offices since June 2014. He became actively involved in Ukrainian politics in 2005 and combined this with his professional boxing career until his retirement from the sport in mid-December 2013.

As a boxer, Klitschko is a three-time heavyweight world champion, and is the eighth longest reigning heavyweight champion of all time. He held the WBO title from 1999 to 2000; the Ring magazine title from 2004 to 2005; and the WBC title twice, from 2004 to 2005 and from 2008 to 2013. At 2.01 metres (6 feet 7 inches) tall, Klitschko was renowned for having exceptional ring dominance, which his large frame allowed him to exploit. With an 87.23% knockout percentage, he holds one of the best knockout-to-fight ratio of any champion in heavyweight boxing history, while also possessing a highly durable chin. His two losses came via a shoulder injury and a deep cut above his eye, both of which were recorded as stoppages but not outright knockouts; in both fights, however, he was leading on the judges' scorecards.

Klitschko is the only heavyweight world champion to have never been knocked down in any fight. Alongside George Foreman he is the only heavyweight boxer in history to defend a world title after turning 40. Being the first professional boxing world champion to hold a PhD degree, and in reference to his punching power, Klitschko's nickname was "Dr. Ironfist". His younger brother, Wladimir, is also a former heavyweight champion who held the unified WBA (Super), IBF, WBO, IBO, The Ring, and lineal heavyweight titles. From 2006 until 2015, Vitali and Wladimir dominated heavyweight boxing, a period typically known as the "Klitschko Era" of the division.

Klitschko technically became one of the few men to ever hold a version of the World Heavyweight Championship three times – WBO (1999–2000), WBC (2004–2005) and WBC (2008–2012). On 15 December 2013, Vitali Klitschko stepped back from boxing. He was announced champion emeritus, which means that if he wants to return to boxing. But (right after his retirement from boxing), Klitschko stated "That is something I currently cannot imagine". Commenting on his decision, he stated "My focus is on politics in Ukraine and I feel the people there need me". He also added, "I thank the WBC and its president Jose Sulaiman for the support in our battle for democracy and freedom in Ukraine".

WLADIMIR KLITSCHKO * ВОЛОДИМИР КЛИЧКО

WLADIMIR WLADIMIROVICH KLITSCHKO was born on March 25, 1976. He is a Ukrainian professional boxer. He is world heavyweight champion of four sanctioning bodies, having held the titles of the WBA, IBF, WBO (twice), and IBO, in addition to holding the Ring magazine and lineal titles. A highly strategic boxer, Klitschko is considered to be one of the greatest heavyweight champions of all time, and is also thought to be among the hardest punching knockout artists in the history of the division, with his strong jab, straight right hand and left hook being his best weapons.

As an amateur, Klitschko represented Ukraine at the 1996 Olympics, winning a gold medal in the super-heavyweight division. After turning professional later that year, he defeated Chris Byrd in 2000 to win the WBO heavyweight title.

Overall, known as "Dr. Steelhammer", he became the second longest reigning heavyweight champion of all time, and has the second most successful title defenses total of any heavyweight boxer with 23 (including his initial reign as WBO champion), behind Joe Louis (25) and ahead of Larry Holmes (20) and Muhammad Ali (19). On 14 September 2015, BoxRec rated Klitschko as the number one fighter in the world, pound for pound. On 15 November 2014, he reached a career peak of number two on The Ring's pound for pound list. Klitschko has fought in 28 heavyweight title fights, more than any heavyweight champion in the sport's history. He also holds the record of having defeated the most boxers with an undefeated record, at 12.

On 29 March 2012, during a charitable auction in Kiev, Ukraine, Wladimir auctioned off his 1996 Olympic gold medal to a buyer who bid \$1 million. Klitschko said he would use the money to help the dreams of hundreds of thousands of Ukrainian children. After the sale, the buyer immediately returned the medal out of respect for Wladimir and because he wanted it to remain with the Klitschko family.

A proud moment came in 1979 when basically his entire family played in and won trophies during the 1979 USCAK Labor Day Championships. As a manager and coach, he took a team to the 1984 Free Olympiad held in Etobicoke, Canada, where the women's team won the gold and the men's team took the silver medal.

Further, during his directorship, he took teams to the 1988 Ukrainian Olympiad held in Philadelphia, where Sitch representatives once again showed great success, winning the women's gold and the men's gold. Outside of Sitch, one of Dr. Matkiwsky's proudest moments came when he and his daughter, Zenia, won the Equitable Life Father-Daughter National Championship in 1978. They beat out 6,000 teams to claim this title, the finals of which were held during the US Open in Flushing, New York. Dr. Matkiwsky was also five time men's champion of the Orange Lawn Tennis Club in South Orange, New Jersey. In addition, he travelled nationally and internationally for the US Medical Tennis Association, highlighted by a doubles championship held in Israel in 1985.

BOHDAN NEDILSKYJ * БОГДАН НЕДІЛЬСЬКИЙ

BOHDAN V. NEDILSKY, PhD in Leadership, distinguished himself as a soccer player, coach, and scholar. He was born on July 23, 1967 in Chicago, IL to Sofron and Christina. He began a lifelong relationship with soccer at the age of seven.

Bohdan was first coached by his father. He later formalized his training for several years at Chornomorska Sitch Sports School where he gained technical and tactical training. This training prepared him to win honors with the United States Olympic Development Program, Wisconsin Interscholastic Athletic Associations All-State team, and recognition as Wisconsin's top NCAA recruits as sports scholarship winner for Marquette University. From 1985-89, Bohdan quickly established himself as a free kick technician and one of the nation's assist leaders. In 1987 he was awarded the Most Valuable Player (MVP) honor for Marquette University Division 1 Men's Soccer Program.

Beyond his University play, he earned a gold medal at the Ukrainian Olympiad and was selected to the Olympic All-Star Team. In 1989, his play caught the eye of legend and FC Karpaty-Lviv club president, Karlo Mickosh. With his father's encouragement and support, Bohdan left the United States in 1990 to play a short stint in Hungary's Premier League for MTK-VM, while the Soviet Soccer Federation approved his contract as a member of FC Karpaty-Lviv. That year FC Karpaty were league champions, the Soviet Soccer Federation disbanded, and Ukraine gained its independence.

Upon his return to the United States, Bohdan extended his relationship with soccer as a coach. Leading one of Wisconsin's most talented programs, he was awarded Wisconsin Interscholastic Athletic Association's 1997 Coach of the Year. His team made history as they finished with a clean slate of 27-0-0.

Dr. Nedilsky continues his commitment to foster Ukrainian culture and community by engaging the next generation of youth through his ongoing work with Chicago CYM sports programs.

NESTOR PASLAWSKY * НЕСТОР ПАСЛАВСЬКИЙ

NESTOR PASLAWSKY, one of the best volleyball players ever to wear the “Chornomorska Sitch” crest, dominated the volleyball courts at every level in which he competed. Nestor was a fantastic spiker and his spikes have been described as “thunderous”. A former coach of Nestor, states, “Nestor was a superior blocker and spiker, capable of intimidating defensive and offensive play at the net”.

During his Sitch career over the years he helped win many tournaments both within the Ukrainian circle and in the USVBA circuit. One year in particular saw his team in 1975 become AAU champs, win 8 highly competitive USVBA tournaments and place in the top 3 in 6 other tournaments.

Outside of Sitch, Nestor played college ball for Rutgers University. There, he became an All-American and led his team to the NCAA Final Four twice. As a sophomore, during one Final Four event, he was voted to the All-Tournament team, awarded with Best Spiker honors and described as a “Superstar”.

After college, and probably at the peak of his volleyball career, Nestor was selected to the US Olympic team and travelled with the team to Tokyo for the FIVB World Cup. As a result of these successes, Nestor was inducted into the Rutgers Hall of Fame in June 2006 and into the EIVA Hall of Fame in 2014.

Upon his return to Sitch volleyball, he led his team to the 1978 SUAST East Championships held at Columbia High School in New Jersey and was selected the tournament MVP. In the years that followed, he continued playing in tournaments, still possessing his “thunderous” spikes, consistently leading his teams to successful results.

In 1979, he began coaching the Sitch women’s volleyball team and was described as “a great tactical and drill coach, teaching the women to become better players”. While volleyball was obviously Nestor’s fame to Chornomorska Sitch, it should be noted that he also consistently medaled in his early youth at several USCAK Swimming Championships in the last 1960’s and early 1970’s.

STEVE KOVALENKO * СТЕФАН КОВАЛЕНКО

STEVE KOVALENKO was born in Germany and raised in Brazil. He begins his 43rd year as Ukrainian boss when the 2016-2017 season kicks off. Add his playing days to the equation and his entire career in the league spans more than half a century. His story begins in Ulm, a German city on the River Danube where he was born in 1946, the son of Ukrainian parents that settled there after the war. Kovalenko was only seven months old when the family left Germany. He'd spend the next 16 years mostly outside Sao Paulo, playing football when not in school. With more than a fleeting hope of emulating his idols, Kovalenko was on the verge of joining a local factory team when his family finally punched its ticket to the United States.

The Kovalenkos – Steve, his parents and a young sister – spoke no English when they landed States-side in January 1961, first in Philadelphia and then New York. But with his footballing skills, Steve spoke a universal language that was clearly understood in cosmopolitan New York even in the early 60s. He made his debut for the New York Ukrainians in the German-American Football Association [GAFA] – as the CSL was then known — at age 18 in 1964. He turned out for both junior and first teams, and was good enough to make the league's Junior All Star XI and its semi-pro All Star side. After winning those back-to-back league titles with Ukrainians, Kovalenko moved up to the National Soccer League. He helped Greenpoint Polonia to the NSL championship at Brooklyn Italians' expense in 1970. There would be another championship with NY Brazilian in the Flushing Soccer League in 1979 to cap a playing career that included stints with several other clubs.

These would include: Newark Ukrainians [American Soccer League]; Kingston Sports Club and NY Hungaria [both German American Football league]; Yonkers Ukrainians Krilaty [EDSL]; NY Platense [Spanish League] and Kingston Sports Club from upstate New York. In 1969, Kovalenko turned out for Second Division Kingston in a playoff game for promotion to the GAFA first division at the old Downing Stadium on Randalls Island. It was a curtain raiser to a friendly between a still relatively modest Barcelona side and Bahia of Brazil, in front of 10,000 fans. Kingston won 3-1 and clinched promotion. After his appointment as NY Ukrainian coach in 1974, Kovalenko would pick up a raft of titles.

Between 1976 and 2000, Ukrainians' second unit would bag 12 Reserve championships, along with one D'Arpino Cup. His first team won three titles in the second tier of what was now the CSL, earning a ticket to the top flight. Kovalenko, then 45, was player-coach of NY Ukrainians when the scooped the old Sportfriend Cup in Wayne, NJ. There were, in addition, numerous other summer tournaments that his side won. Kovalenko has held various administrative positions including board member of the Eastern New York State Soccer Association and chair of the CSL second division. He currently chairs the CSL Metro One and Two divisions.

The New York soccer referees association named him Coach of the Year in 1997 and in 2011, Kovalenko was inducted into the Eastern New York State Soccer Hall of Fame. This year, the CSL paid him the ultimate compliment for his more than half a century association with the league by making him a life member.

YAROSLAW KOZAK * ЯРОСЛАВ КОЗАК

JAROSLAW KOZAK was one of the initiators instrumental in the purchase of the original 19 acres to establish a Sports and Community center for Ukrainians back in 1978. He located the perfect land area and set about to convince the community that the purchase of the farmland would be a great asset to the community. He was the go-to person who convinced the local municipal authorities to approve the change in zoning. Mr. Kozak laid down the master plan for the site and was in charge of construction changing the property from farmland to a sports complex. He was one of the volunteers who built the infrastructure and buildings with their own hands. After sometime, additional acreage to its current layout of 41 acres was purchased.

Mr. Kozak had been a member of Ukrainian American Sport Center - Tryzub since its inception in 1950 and still remains an active member to this day.

As a youth player, and subsequently on First Team (position Fullback), his team had achieved their dream of reaching the Final for the U.S. Amateur Cup in 1956. After a tour of military (rank Captain), he managed and coached Youth teams. Over the years Mr. Kozak had held various positions on Tryzub Board, including President, and President of Philadelphia Ukrainian Nationals (the name under which Tryzub teams are playing).

Among those who were critical to accomplishing it were: The spectacular athletes of Ukraine; Askold Lozynskyj, president UCCA, for fundraising; Ukrainian communities for generous contributions; Mel Pender (1968 Olympic gold medalist), for introducing NOC Ukraine to sponsors and helping to secure training venues; Lidia Mykytyn, for coordinating the CYM and Plast assistance; Mykola Lewchyk, for managing team travel; Roman Olenych (Gary Bowman) for full sponsorship of the Olympic ticket and Ukraine Olympic House programs; Satoshi Kitahama, invaluable assistant; and USCAK Ukrainian Sports Committee for USA and Canada. They further coordinated visa requirements, travel, and housing, provided assistance staffing (CYM and Plast members) for all venues, managed the Olympic ticket program for Ukraine, and arranged for a Ukrainian Olympic House, a host facility during the Games.

Laryssa served again as attaché for NOC Ukraine at the Salt Lake City Winter Olympic Games 2002, and has chaired the Sports Committee of the Ukrainian World Congress for several terms. In 2014, the Sports Committee and NOC Ukraine formed a joint committee that has resulted in considerable assistance to the “Diaspora Football Championship” held annually in Ukraine. The joint committee hopes to develop plans for a diaspora Olympic Games. She is working once again with Satoshi Kitahama to secure training facilities for the Tokyo Olympic Games in 2020.

Laryssa Barabash Temple has been awarded:

OMELAN TWARDOWSKY * ОМЕЛЯН ТВАРДОВСЬКИЙ

OMELAN TWARDOWSKY joined the Ukrainian Athletic-Educational Association “Chornomorska Sitch” in 1956 and was immediately selected as press secretary, a position which he holds to this day.

In 1963 he started “Our Sport” Magazine, which continues to be published annually and can be found in fifteen libraries in Ukraine. In 1969 he started the swimming division, which has won 30 USCAK Championships and one Ukrainian Olympiad. He initiated the idea of an annual summer sports camp and together with Myron Stebelsky, launched the first “Chornomorska Sitch” Sports School in 1970.

Mr. Twardowsky has donated his time and participated in every sports school since its inception. The Sports School has been attended by thousands of youths from the U.S., Canada and Ukraine. In 1975 he started the skiing division. Mr. Twardowsky launched the inaugural men’s soccer and women’s volleyball tournaments at the Ukrainian Festival at the Garden State Arts Center in Holmdel, New Jersey in 1991 and organized them for many years thereafter.

In 1991 he started a fundraising campaign in the Ukrainian press for the rebirth of sports in Ukraine, which generated close to \$400,000.00. From 1977 to 1999 he was a sports editor for “Svoboda”. Between 1999 and 2007 he wrote several books/publications—a history book of “Chornomorska Sitch” entitled “Sichovymy Shlachamy”, which was translated from Ukrainian by Dr. O. Popovich, USCAK – on the Waves of the Olympics 1981 – 1996; USCAK and Sports in Ukraine. He has received a Certificate of Recognition from the Lviv Institute of Physical Education. He has also been recognized by USCAK, the UNA and the National Olympic Committee of Ukraine for his work in physical education and sports. He has also received numerous recognition awards for his dedication to the Sitch Sports School and to the “Chornomorska Sitch” organization. He is a true sports activist, who can be seen at any sporting event, whether it be soccer, ping pong, chess or volleyball.

Congratulations to the Board of Directors of the USMHOF on the Grand Opening of the Ukrainian Sports Museum and Hall of Fame at the Ukrainian American Cultural Center in Whippany!

We wish you continued success in the development of this Museum, which recognizes Ukrainian professional and national team athletes who have had a nexus with our North American communities, as well as club athletes and community organizers for their significant contributions on the athletic front.

Congratulations to all of the inductees in the builders category of the Ukrainian Sports Hall of Fame. This impressive and deserving group of individuals exemplifies selflessness and an unwavering commitment to the Ukrainian hromada on the athletic front.

We are particularly pleased that Myron Stebelsky (posthumously) and Omelan Twardowsky have been chosen to receive this prestigious award. For decades, these individuals had a passion for the "Chornomorska Sitch" organization and for the development of Ukrainian youth through sports. With their passion, they inspired others to become "Sitch" members and sport activists. Both are recipients of Lifetime Achievement Awards from "Chornomorska Sitch" and were inducted into the "Chornomorska Sitch" Hall of Fame in 2014. It is appropriate that they now be recognized by the Ukrainian Sports Museum and Hall of Fame. We are grateful to them and to countless other Sitch activists for their absolute dedication, commitment, energy and enthusiasm. As a result of their efforts, "Chornomorska Sitch" in Whippany celebrated its 90th anniversary in 2014. We are confident that "Chornomorska Sitch" will continue to thrive.

Executive Board of the U.A.E.A. "Chornomorska Sitch"

Heartfelt congratulations to all of the extremely deserving individuals, who have been selected for induction into the Ukrainian Sports Hall of Fame for their outstanding contributions in both professional and amateur sports.

We are especially proud that our candidates have been chosen to be a part of this impressive group of honorees. In alphabetical order, they include Michael Farmiga (soccer), Dr. Zenon Matkivsky (tennis), Nestor Paslawsky (volleyball), and Dr. Orest Popovych (chess).

These individuals have delivered numerous championships for “Chornomorska Sitch” and for the Ukrainian community at large. We are grateful for their dedication/commitment and their contributions to the world of Ukrainian sports. They are certainly deserving of this special honor bestowed today.

Executive Board of U.A.E.A. “Chornomorska Sitch”

Classic.

A classic is thoughtfully conceived, meticulously designed, built to endure and increases in value over time.
